

Revolutionizing Credit Card Reconciliation for Hospitality

Welcome to the **future of credit card reconciliation** where auto-matching and easy to use software built specifically for hospitality re-imagines balancing with speed and complete audit visibility.

Total Recon

Credit Card Reconciliation Re-imagined

Is your finance team overstretched and struggling to find time to properly reconcile your credit card transactions? Total Recon automatically reconciles your credit card payments in minutes. Experience the confidence of complete audit visibility and a repeatable software driven process easily managed by anyone on your team.

What Total Recon can do for you:

Rapid Reconciliation

Total Recon swiftly matches transactions, enabling your finance team to reconcile an entire day's transactions in just minutes.

Complete Audit Visibility

Gain full visibility into any variances between processed and posted payments. Easily correct any discrepancies down to the specific charge or check.

Accurate Transaction Matching

With an auto-match rate of over 99%, your team can now focus solely on handling exceptions, saving valuable time and effort.

User-Friendly Interface

Total Recon offers an intuitive web-based experience that highlights exceptions and allows easy clearance with just a few clicks.

Uniform Process

Streamlines reconciliation to be easily managed by anyone on your finance team. Achieve accurate month end and balance sheet reconciliation that is replicatable for new associates.

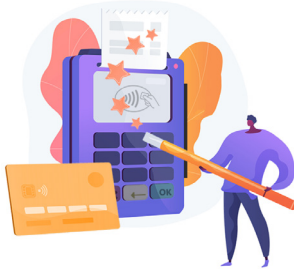

“Marriott has partnered with Evention to leverage their solutions to **streamline reconciliation**, visibility, and compliance within our hotels to enable our finance teams to increase efficiency and control. Evention have proved to be a good partner to work with as we have widened the scope of the solutions we have used over time.

-Gordon Tyler, Marriott Hotels International”

How Credit Card Reconciliation Works

1

Match your Credit Card charges with your PMS postings automatically.

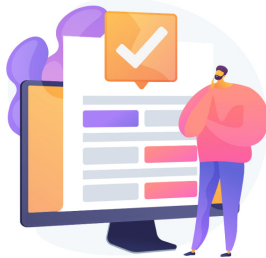

2

Easily manage exceptions in a few clicks.

3

Post your fully reconciled journal to your general ledger.
