

Lock in Cash Control and Visibility

The Winning Combination:

- Cash Recycling
- Employee Self-Banking
- Complete Audit Control

EVENTION

Total cash control

Worldwide,
the cost of
handling cash
already exceeds
**\$300 BILLION
PER YEAR***

How much comes from your organization?

Organizations that have high volumes of cash transactions are more likely to see cash – and profits – slip through their fingers. Theft, fraud, over/short violations, cash drop errors, and more are hard to track, hard to trace and pose a direct threat to businesses with razor-thin margins.

Evention eliminates the pain points

By integrating industry-leading software and hardware, Evention's Cash Operations Management Solution puts you in total control. A fully automated cash process from the till checkout, through the drop, to the posting in the cash journal, Evention instantly relieves the headaches of traditional cash operations.

Say goodbye to:

Manual drop envelopes

Manual duebacks & petty cash

Time-consuming tasks for the General Cashier

Manual reconciliation

Excessive house float

Archaic house bank vaults & audits

Unnecessary courier fees

Say hello to Evention:

Automatic counting and verification of drops

Self-service duebacks and petty cash

No more manual cash counting or issuing cashier banks

Automated POS audits and cash journals

50% reduction of on-hand cash

No need for house banks and audits

Significantly lower cost of cash handling

Evention reinvents and replaces traditional cash management with a complete, fully integrated solution that lets you take control over your cash like never before.

SecureDrop™ drives automatic reconciliation

SecureDrop, Evention’s industry-leading cash management software, integrates data from any major accounting software system. SecureDrop processes all components of cash drops, POS/PMS postings, cash machines, and more to deliver automatic reconciliation and reporting.

Evention cash recycling increases staff efficiency

Cash recycling from Evention optimizes the cash available on-site for operations and reduces the house float. By eliminating the manual handling of cash drops and payouts, as well as the wasted time and potential errors, our cash recycling capability increases staff efficiency.

Hardware compatibility ensures flexibility

Evention partners with the leading manufacturers of cash management hardware to provide complete employee banking. Powered by SecureDrop’s automatic reconciliation against the POS/PMS, the fusion of hardware and software for cash operations management enables simple use for the cashiers, as well as ensures full visibility to enhance on-site cash accountability.

Proven performance at thousands
of sites worldwide

Evention offers a suite of software solutions that automates, simplifies, and improves the accuracy of cash and gratuity operations for hotel and retail locations around the globe. Evention reinvents traditional operations for cash and gratuity management to improve cash control, visibility, and productivity.
